Is it possible to acquire this game still? I've been reading whatever I can about it and the recent release of sole survivor has got me interested in the real original game... I've tried searching for it for download anywhere since I haven't been able to find it in stores. If anyone could point me in the right direction lol. Maybe even screenshots would be cool. Ahh well I've just been curious lately.

If your still looking for it which I'm assuming you are check ebay.

I was looking for it a month ago and saw it on ebay for like \$2 american. I'm stilll working out a deal I made on a 250\$ helicopter so I'm gonna get the helicopter ordial sorted out before I buy from ebay again otherwise I would have bought it.

There's no servers running for it. Offline mode is worse than Renegade Multiplayer Practice. Save your money.
