You're in bed, alone. It's 2am and it's thundering outside with rain and the whole schpeil. You're sitting in bed alone, when suddenly you hear a noise. You turn around and look, but there is nothing there. So you pass it off as nothing at all, and turn around to go back to sleep. Then, right beside you, you see... THIS!

Well I would certainly find it a bit odd. I am sure of that.
