evanscnc I have officially quit Renegade, I have broken the CD and uninstalled my game

That's a little...drastic, isn't it?

I mean I can understand growing tired of something, but destroying it so you can never again use it is...foolish.

---

I mean imagine in 3 months, you'll be wondering where it is and jonesin to play it.

Microsoft wouldn't do anything if you were emailing them about a no-cd crack to Renegade. They only care if you are pirating Microsoft software.
