Hi! Check out my website. I have an open-topic forum that you are welcome to post in and 8 poll questions! Now, when I say "open-topic", it means you can talk about anything you wish...any problem, random fact, political issue, ...whatever! My site is small, but I have faith that it will grow! So, if you have spare time on your hands, feel welcome to check out my site and let me know what you think

I'd say that forum is more of a guestbook, and I doubt anyone who doesn't believe in religion will stick around.

1. Remove the hit counter
 2. Stop that annoying music
 3. Get a layout that actually took more than 10 seconds to make
 4. There's no forum on your site.

Yes! Another evolution vs. creationism debate! Wait... what's a false premise, anyway?

Sorry for the double post, but...

At your site you reference Crimson as being a guy.

Well, considering your previous post, I can't rightly assume you've spent much time even looking through this forum, so I think I'll keep my opinions, and explicatives to myself.
