Attack Copter (Game based on C&C Generals)

<http://ea03.pogo.com/rooms/roomtabs.jsp?game=ccstrike&site=eaga&lkey=3f9525d22d2e56bd0a66fd3d0000283c>

It requires account on EA.com(it is free), but it is pretty cool (and free) game.

P.S: the controls are terrible if you choose a mouse. I have not tried keyboard-only controls yet.

But it is freeware, so it has right to be peace of sh!t. I presonally liked it, and if the controls were not so terrible, then it could even be better(!) than Generals.
