Yes I heard that. My brother is a close friend of him and he knows I am a user of this forum site. He wants me to give a message to Crimson, as these are his words and not mine. "You fucking piece of shit, I am going to KILL you ass one day or another".

(Don't ban me, I don't use these words and they are not my speech.)

Is it just me or does his signature look awfully familiar? And I quote:  
"As Arnold scharzanegger said in his speech  
"All the democrats are GIRLYMEN"."

Ban 'em all. I think any threat of any sort on the life of any member of these forums by another is good enough for an indefinite ban without hopes of parole.

ALotSOul also uses the username "Guest". That's what he meant I think.

Either way, I'm just quaking in my boots. Blazer is the one who banned him anyway.

Can't they be ip banned, thus banned from registering anything with that pc?

Also who gives a flying shite about some 12 year old's threats? He can come kill me too. I'll be waiting but I shan't hold my breath, even in the off chance that we share the same country.
