"Reborn Sucks" Tshirts are now available for a limited time only.

Note: This is meant to be taken lightly. This does not reflect the opinions of n00bstories, Blackhand Studios, or the Renegade forums.

How about:

"This Logo Sucks"

If you're going to make fun of Reborn, put more effort into it!

This has gone way too far, you people should just take a step back and look at yourselves, take a look at how immature and petty this is.

Lol, won't even bother saying "Can't you guys just get along!", because it seems that one particular group doesn't even want to try.

Im done saying what i have to say, just posting my view as an outsider who has not had any input to this whole mod clash feud since it even began.

Im not taking the piss out of anyone, im not being disrespectful and im not even trying to say who's mod is better, im just saying the way all you guys are behaving is just lame.

So by your logic, posting online about a poor game "mod" means you have "no life," the most overused insult on the Internet? As if it's not obvious that everyone here has a life, due to the fact that we all breathe and live, but also because I doubt anyone here is confined to their computer all

the time and never leaves the house.

I hate Reborn, but I work and have fun a good part of the day. Maybe you need to worry less about "lives online" and worry more about what makes people hate Reborn so much... Maybe because it sucks??

Quote:I couldn't say I didn't expect something like this, but it is still sad to see you people act like such idiots. When did this community become so hateful? oh, wait... I already know that answer.

This is why I removed your posting ability from my forum. You contradict yourself and you're an asshole, while claiming to have some sort of high ground. If you hate it here so much, get the fuck out and go somewhere else.

Quote:Wow, what disrespect.....

I don't know many people who have any respect for Reborn, but if you do, I honestly consider you to be a misguided fool. You have been for the length of time you've been on these forums, and the old ones. Even back to the time where you were part of that stupid "cow" clan.

So, anyway:

Oh, and i have gone somewhere else, it's just fun to see what happens there

So you think Darkblade is a misguided fool?

Quote:This is one of the reasons why i respect reborn. They stick to their own ideas, instead of throwing all the best ideas from other mods into a big pile of gimmicks, just to make people play.

Have you ever heard of this?

"No one likes you. They're all too nice to say it to your face, but when you leave the room everyone says bad things about you. You will probably die alone."

That's what he is doing. The only reason he says that is to keep from getting banned.

What did I write in the first post?

MrBobNote: This is meant to be taken lightly. This does not reflect the opinions of n00bstories, Blackhand Studios, or the Renegade forums.

Very interesting, let's read it again:

MrBobNote: This is meant to be taken lightly. This does not reflect the opinions of n00bstories, Blackhand Studios, or the Renegade forums.

Again:

MrBobNote: This is meant to be taken lightly. This does not reflect the opinions of n00bstories, Blackhand Studios, or the Renegade forums.

And again:

MrBobNote: This is meant to be taken lightly. This does not reflect the opinions of n00bstories, Blackhand Studios, or the Renegade forums.

This is meant to be humorous. I haven't even touched Renegade or any of the mods for months. This was NOT meant to be serious. Do I have to write a legal disclaimer to explain that to you?

The reasons I didn't use the Reborn logo are:

- 1) The logo is probably copyrighted.
- 2) I wanted a simple logo.
- 3) I didn't want to cause an uproar.

I hope that answers all your questions and concerns. I was going to make a "Renalert Sucks" shirt also. However, it wouldn't be as humourous, as nobody says "Renalert Sucks." Also, when humour is repeated in vain, it becomes stale, dead, and boring. Many mainstream comics/cartoons are good examples of humour pushed past it's prime.

If you still want the original "Reborn Sucks" tshirt, hurry up and order some now. I'm going to replace the original with better shirts that have bigger text, and a little more humour.

I told you not to post this. Why? Because it makes you look like a moron.

You can't compliment a mod if you don't like it. They want feedback, they get feedback. So what if they don't like it? The truth is, the mod is not up to par. They aren't really trying all that hard to improve it. Since they lack the drive to make it better, nobody can really help them improve it.

You know.. This all seems kinda strange to me. I've been completely outside of this argument up until this point. I happen to think RenAlert and Reborn are both pretty good mods, but isn't this just a little. childish? Not, the T-shirt, but the way everyone is reacting to it. Who care's, some people think Reborn sucks.. Oh well.. There is no need to fight back and forth endlessly insulting each other.

Maybe if you ignored all these remarks made by these people, they would stop making them. Fanning the flames will only make them act worse.

but by that standard, no-one is allowed to post the image or say "stop beating the dead horse" because it puts them into the argument. If that were the case, people would be missing out on good humour.
