What would you do if...

1. You were at porch close to your house, and a skunk came very close to you.
  2. You found out that your dog has eaten a 50\$ bill.
  3. Someone on a street showed you a 50\$ bill and asked if it is yours.
  4. Your mom stole keyboard from your computer.
  5. You are on a concert or something like that, and suddenly you realize that something is hitting you on the head, and when you look up, you see a girl that is hitting you with her boobs.
  6. Someone dares you to eat live Gold fish for 200\$.
  7. You bought Earth & Beyond, and then you saved it for later, but when you finally wanted to try it, it was no longer possible to register it.
  8. You walked on a street on sidewalk, and a dog attacked you without warning
  9. You lie on a beach and a seagull drops the "bomb" on you.
  10. Someone gives you 100\$ bucks
- Edit: what would you buy?

Some of these things really happened either to me, my family, or some of my friends.

1. Run Away
  2. Yell at it. There is not much you can do about that.
  3. Tell them no it isn't but your friend lost one. (Oh come on your not really lying someone sometime in their life must have lost one.)
  4. Go out and buy another one. j\_ball430 did this.
  5. Laugh my ass off and ask her why she is doing it.
  6. Tell them to screw off because they aren't really going to give you the money.
  7. Oh well that game was stupid.
  8. Call the police tell them what happened and then sue the owners ass off if it has one.
  9. Go get into the water and wash off.
  10. Take it and buy something.

Terminator 101 What would you do if...

1. You were at porch close to your house, and a skunk came very close to you.

Go inside, shut door.

Terminator 1012. You found out that your dog has eaten a 50\$ bill.

First I would wonder how those dollars came into my European socialist hippie commie house, then I would probably shrug and move on.

Terminator 1013. Someone on a street showed you a 50\$ bill and asked if it is yours.

Say "no". I'm pretty honest

Terminator 1014. Your mom stole keyboard from your computer.

Doubtful. She doesn't know how to unplug it.

Terminator 1015. You are on a concert or something like that, and suddenly you realize that something is hitting you on the head, and when you look up, you see a girl that is hitting you with her boobs.

Giver her a nerdish smile until she runs in fear.

Terminator 1016. Someone dares you to eat live Gold fish for 200\$.

Refuse.

Terminator 1017. You bought Earth & Beyond, and then you saved it for later, but when you finnaly wanted to try it, it was no longer possible to register it.

Scream. Curse EA. Even if it isn't their fault.

Terminator 1018. You walked on a street on sidewalk, and a dog attacked you without warning.

Outrun the dog to the nearest public building.

Terminator 1019. You lie on a beach and a seagul drops the "bomb"on you.

Wipe it off? Is there any other "solution"?

Terminator 10110. Someone gives you 100\$ bucks

Thank him.

Terminator 101What would you do if...

1. You were at porch close to your house, and a skunk came very close to you.

Go back inside.

Terminator 1012. You found out that your dog has eaten a 50\$ bill.

Get really annoyed with it for about an hour, then just let it go.

Terminator 1013. Someone on a street showed you a 50\$ bill and asked if it is yours.

I'd say no. I dont like taking other peoples money except when its a big company that has loads of money and gives you too much change or something.

Terminator 1014. Your mom stole keyboard from your computer.

Go steal it back.

Terminator 1015. You are on a concert or something like that, and suddenly you realize that something is hitting you on the head, and when you look up, you see a girl that is hitting you with her boobs.

If intentional, let it go, then at the end just lightly nudge her, enough so that she falls over :twisted:  
I like getting my own back.

If un-intentional, just ask her to stop lol.

Terminator 1016. Someone dares you to eat live Gold fish for 200\$.

Tell them to do it themselves and save their money.

Terminator 1017. You bought Earth & Beyond, and then you saved it for later, but when you finally wanted to try it, it was no longer possible to register it.

Get annoyed and throw the game out the window. I did that with Homeworld when it wouldn't work on my PC.

Terminator 1018. You walked on a street on sidewalk, and a dog attacked you without warning

Do the same as DarkDemin.

Terminator 1019. You lie on a beach and a seagull drops the "bomb" on you.

Curse the seagull and go wash it off.

Terminator 10110. Someone gives you 100\$ bucks

Say thanks very much, and give him \$10 back from it

1. Depends on how close. Close enough to be startled by my movement, I'd be as still as possible. If it's far enough away that I won't spook it by movement, I'd run inside the house.
  2. I'd be wondering why the fuck my dog ate a \$50, but then I'd probably just be like "holy shit, my dog ate a \$50." and then wonder what I could have done with that money.
  3. I'd probably say "no" because I'm fairly honest and I'd be too chicken shit to say "yes".
  4. Like DarkDemin said, go out and buy another one, or if you're me, go out and buy 2. (the thing is, my mom hasn't taken away my keyboard since i bought two more. Almost seems like a waste)
  5. I'd take advantage of the situation, either ask for her number, take pictures, or take her somewhere and ....you can figure out the rest from here
  6. I'd say "fuck no," and if they kept pestering me about it, i'd probably end up saying "hell no, bitch. fuck off".
  7. I'd be pissed, but then I'd try somehow to sell it and get some, most, or all of my money back.
  8. I'd be scared as shit, and I'd outrun it...but then again...why would a dog want to attack a car?
  9. I'd start throwing rocks at the fucking thing, and then I'd go rinse myself off in the water.
  10. Be stunned, and refuse the money, but when they are too stubborn to take it back, I'd thank them continuously.

O.K maybe I missed some details at my post:

1. You were at porch close to your house, and a skunk came very close to you, but there was nowhere to run
  8. You walked on a street on sidewalk, and a dog attacked you without warning and it would bite you
  10. Someone gives you 100\$ bucks for your birthday (how will you spend it)

1. Run up the steps, enter the house, and slam the door,
  2. I'd wonder why a dog ate my cash, when all I have is two cats.
  3. Say no. I'm too honest to keep it, but I'd regret the decision for a few hours.
  4. Steal her keyboard to replace it.
  5. Depends on what the girl looks like and whether or not her gorilla of a boyfriend is with her.
  6. Ask if I can eat a cooked one for \$150.
  7. Get pissed off. Really pissed off.
  8. Call animal control on my cell and kick the owner in the shins.
  9. Wash it off and have a seagull for dinner.
  10. Accept it, thank them, and go buy something.

  2. Kick it.
  3. I'm honest and I will say No.
  4. Steal it back.
  5. Enjoy the moment!
  6. Sure, dunno what goldfish tastes like anyway.
  7. Blame EA.
  8. Attack the dog.
  9. Activate the "S" alarm, then launch the "F" Missile at the bird, and finally run to get washed in the water.
  10. Guitar stuff.

1. Ignore it and hope it walks away.
  2. What is there to do?
  3. Screw honesty and say it's mine.
  4. She has no use for it, so I'd ask her why she took it.
  5. Look up and start licking!
  6. I can't kill a goldfish!
  7. Blame EA.
  8. What you're supposed to do- curl up into a ball and don't move.
  9. Throw up, then shower off.
  10. Put it towards a down-payment for a car.

1. Throw something at it, it will squirt whatever it is, using up all its scent, then run inside and wish that I had left it alone so the place wouldn't smell so bad.
  2. Be rather annoyed, but not do anything to Bud, knowing he would never understand why I was yelling at him
  3. Decline it, I'm no thief
  4. Accept the consequences of my actions that caused it to be taken in the first place
  5. Be very, very embarrassed and make my way out of the area after profusely apologizing for being in her way and touching her like that, even if it was intentional on her part.
  6. I'd pop her in and swallow. Only feels weird how they wiggle all the way down... They are tasteless unless you chew em, then they taste like sushi (Yes, I have eaten live goldfish before as a fear factor like competition, I was the only guy there who was able to pop all three down without any issues)
  7. Be annoyed, but get over it pretty quickly
  8. Probably attempt to beat the snot out of the dog, and get mauled in the process
  9. Be rather disgusted, and go wash off
  10. I'd refuse it if it was random, but if it was for a birthday or something, I'd probably go into gas / insurance

1. Phone the local zoo to take it back.
  2. Take it to the vet as it would have had to also eat a leather wallet and cards.
  3. Say yes
  4. Laugh, it won't work. Unless she unplugged to wireless bit too...
  5. Given my height, she'd be on someone's shoulders probably, so I'd ask the bf if she could stop it. If she was alone, and ok looking I'd talk to her.
  6. I wouldn't touch a live goldfish
  7. Pass, never heard of it, but then why would the registration run out?
  8. Put the boot in, hard.
  9. Wipe it off, you'll never catch that bird (mind you by the sound of some people on here they carry sniper rifles everywhere)
  10. Be surprised, I got 20 for my 18th, and nothing for my 21st.
