I have every episode on DVD. The only time there is something like that is with transvestites, which, once Quagmire realizes what they are, he gets freaked out and/or runs away. Don't question my Family Guy knowledge.

ahem let me show this from <http://www.dictionary.com> regarding the word "flaming":

- v. flamed, flam-ing, flames
v. intr.
1. To burn brightly; blaze.
2. To color or flash suddenly: cheeks that flamed with embarrassment.
3. Informal. To make insulting criticisms or remarks, as on a computer network, to incite anger.

which means that actually, Aircraftkiller, you ARE flaming...

Then you generalize again, and assume that I have problems with anything but RA... Which is

What?! Really!?

Jesus Christ! I thought you were trying to come off as professional! You had me fooled, I'll give you that. I've always thought that childishly mentioning "Reborn Sucks" in every sentence you wrote gave you the professional edge that put you above everyone else. But alas, it is all a sham. One...big...homosexual...sailor moon loving....sham.

And how depressing it is that you are so cut off from mainstream society that you don't know any slang or English idioms. You poor soul, you think that "sad" means "melancholy" and didn't realize in meant "pathetic". You must be so pale and white, what with the light of day never touching you. You will be in my prayers.

PantherOf course, while i was on the staff you told me to express a "professional" attitude at all times.

Are you above your own little rules?

Yeah, as in "do not publically contradict the team, do not make unfounded statements about RA, and do what you're supposed to do."

You had a very hard time with all of this. It's just one of the many reasons you were removed, since you don't have the level of professionalism needed for the development team I head up.

I keep a professional attitude there. I don't keep it here, because I don't like most of what is made here. Since I never said "don't say anything negative about anyone else or what they make" I am not contradicting myself. Stop grasping at straws, you fucking idiot.

I don't care about "mainstream society" since most of you are idiots. I know all sorts of slang terms, I just choose not to use most of them online because I'd rather look like I have some sort of intelligence when I type in forums, IRC and IM.

Yeah, I must be pale and white. Gotta be the reflection of the white sand hitting me when I'm out at the beach every weekend, oh wait... That doesn't cause paleness..

That depends on what your definition of "ruined" is for forum topics.

He said 6 feet 8 inches. That would equal 203.2 cm.

Why is it that you can make some sort of assumption about what I'm out to impress if you have no

idea about who I am, what I want, or what I do?

No, because Devinoch didn't like the swearing I was subjecting someone to. He had no other problems with me but then again to know that, you'd have to actually been a part of this community for more than a few months... :rolleyes:

To be fair, I've been reading this forum a lot longer than I've been posting here. And I did know about you being banned when it happened. But there was no way for you to know that, so whatever.
