Who's going to take bets on how long it takes Retardin to flip flop and start posting updates here again...

Well at least he actually changes his work, based on feedback. Unlike yourself! "NO IT LOOKS LIKE blabla... IT WILL STAY LIKE THIS" and then later on your 'perfectionist' side says its crap so you make a new one. Maybe your bonhead is growing a brain and is taking over your head! Kill it!

Even if any of that was factual, what does it have to do with him refusing to change his work to suit the public's taste, which he's supposed to do anyway?

Renardin6due to the respect I have for madtone : again post edited and deleted.

Wait final model. That's all. And wait for the rest, I won't show anything more before internal release. Say thank you to ack.

If you want to see more just come there : <http://www.cncreborn.com>

Why do you insist on paying any attention to what ACK says??

Other people here are interested in seeing updates aswell....This is a mod forum and ACK doesnt run it.

Jesus christ!!! Can't you read? He IS changing his work based on feedback. THATS WHY HE IS UPDATING IT! He is trying his best to make it look good. So he ISNT refusing to change it. He is trying to change things to improve his work to suit the public's taste. Next time, dont go into automatic Reborn bashing mode without understanding what is already happening. Go back in the Barbie-Queue. Have a burger!

Dan, translated into English that amounts to "People didn't like it, so I won't show anything else before the internal release."

What does that mean? It means he's a bullshitting kid who doesn't do this for the public, he does it to get his ass kissed. Plenty of people here, including myself, told him how to fix it. The only answer we get is "we wont show it until after teh internal ralase" basically telling you to fuck off for trying to comment on it with anything but "WOW THAT

unconstructive shit I always see from you. Note how you SAY you give him suggestions. But yet you just say that it looks like plastic or concrete etc... but you dont suggest a photoshop tool or another method that he could use to do something on the texture.

So yes... he IS still updating his model, he's just not going to post them here so he can avoid your shit. If people from this forum want to post constructive comments/suggestions, then I suggest that they go onto their forums and post it there.

AircraftkillerAgain, if that were even true (lol, right... we encourage everyone to speak their mind) what the fuck does it have to do with Reborn?

Let me get it through your dull mind:

THIS IS ABOUT REBORN, NOT RA. STOP BRINGING IT UP AS IF SAYING "WELL RA DID THIS OR THAT" SOMEHOW JUSTIFIES THE ACTIONS OF OTHERS WHEN THEY'RE WRONG.

I knew it, he takes things too much seriously.

Ok titan. for you I will keep posting updates.

There he goes, flip flopping again... Should call him Retardin Kerry, since he and John have quite

a bit in common.

Quote:He means that he wont post any more updates on THIS forum

Actually, no, what could be inferred is that he would stop them completely. Why?

Quote:I was thinking about no more updates because I got pissed of the posts of some dudes...

But I changed my mind. I will be less active on forums and let DeathHavoc do his moderator job.

So if he does the same thing on his own forums... Why shouldn't I believe that he was talking about his own, too?

It isn't my job to tell him how to fix something. You don't learn when you get bottle fed specific instructions on how to improve. If someone says "that looks too concrete like, because it has chunks that resemble concrete," logically one would think "if I remove the concrete looking chunks, it won't look concrete!" You dumbass...

It has everything to do with RA. If RA does it, and then you criticise someone else for it, then it makes you a hipocrit, and nobody need bother listen to your opinion or suggestions.[/quote]

Aircraftkiller (lol, right... we encourage everyone to speak their mind) size]

Rofl yeah... I can post a screenshot here showing you threatening to ban someone on the renalet forums for 'speaking their mind'

I like how every vehicle we post gets the 'make it look more worn and dirty' shit from you yet now you turn it into a 'OMG DONT PUT ANY DIRT ON THAT!!!11 MAKE IT LOOK CLEAN!!!111'

Aircraftkilleryou dumbass...

Same old insult. put a little more variety in your insults, theyre losing their meaning through extreme overuse.

Dante, please re-consider giving up your moderator rights, your iron fist is needed here!

ALL OF YOU SHUT UP. Aircraftkiller was giving out constructive criticism and was nice about it. Now it's everyone else's fault that turned this thread into a lifeless flame war. If all of you would just be quiet and see that Aircraftkiller was not trying to flame Reborn, this thread would have been CLEAN. Now because of what you've done, YSL is going to lock up yet ANOTHER Reborn update thread and delete everyone's posts.

That's funny, because what Seaman wrote was a lie... So, explain how I'm a hypocrite because of his baseless accuations?
