I know there is a discussion thread for 'the Tale', but I think this warrants a new thread just for the cause.

The Scorpion's Tale has hit 101 segments today! Started on May 13, 2004, 'the Tale' has been regularly updated and today is still updated daily.

For those who haven't heard of/read the The Scorpion's Tale, you are missing out on a great story that goes deeper into the Nod side of C&C. You can read the Scorpion's Tale in it's entirety as well as discuss it at <http://tale.exnyte.com>.

Thanks again to KIRBY098 for writing the story as well as sharing his talent to help us enjoy the C&C name even more!

What's this thread supposed to be? A "Thanks, Kirby!" thread?

Anyways, Thanks, Kirby!

rm248 has been graciously continuing the tale here where it started as well for those of you, like me, who can't be arsed to sign up on some other site.

You're not required to sign up for anything to read the story. I wouldn't do that, as I would hate to do that too. The only thing you'd need to sign up for is the forum.
