Post em' here?

Warning: this image might not be suitable for childs under 14 years old (like Superflyingfungi).

EDIT: What you see is female underwear, not a vagina, it just looks like one in the rendered version of this screenshot...

How is it funny and sad? If I were playing in the same game as the person who developed the gameplay and level, I'd gladly follow them. They would have the best chance of knowing what they are doing.
