I did this a few weeks ago, got stuck on the last one, and couldnt be assed to carry on any more.

EXdeath7, its not just clicking on a screen. It requires that you use your logical skills to use clues to figure out how to advance.

I made it to the forth.

DanEXdeath7, its not just clicking on a screen. It requires that you use your logical skills to use clues to figure out how to advance.

Lave my ignorant thinking alone I realized that after I posted that , which demo already replied to so no point in editing it.
