There is still very little detail on the vehicle. It looks like a bunch of concrete and metal welded together with no seams or visible support structures to keep it together, no venting, no paneling, no nothing except different colors with some scratches in it.

a·nal P Pronunciation Key (nl)

adj.

Of, relating to, or near the anus.

Psychology.

Of or relating to the second stage of psychosexual development in psychoanalytic theory, roughly from ages one to three, during which gratification is derived from sensations associated with the anus and defecation. The anal stage is preceded by the oral stage and followed by the phallic stage.

Indicating personality traits that originated during toilet training and are distinguished as anal-expulsive or anal-retentive.

Being rectum about words? Oookay...
