Nah, ronald mcdonald would be a neo-hotwire with proximity mines under the guise of hamburgers. His big macs would be 2 mac submachine guns, and his red wig would be a remote c4 explosive (the detonator being a shoe).

The next question is, who's going to volunteer to do it? I would if I could, but I've tried using Gmax (as reccomended on some site somewhere) to make some maps, but couldn't get the first building down properly..
