As long as this topic sucks, I would like to proclaim that my crappy story The Tale is now open.

Welcome Knight! - Glad to see you here but if you haven't noticed it's chocked full of rude assholes - I just shrug the jerks off & learn some good stuff from others...You can find a few gems among the garbage.

SickOptometrist>Welcome Knight! - Glad to see you here..

how can you be glad to see someone post that you don't know in the slightest? that's the thing, if we don't know these people we have no incentive to post 'hello, welcome!' unless we really have nothing else to do, and on an official forum it makes even less sense considering the amount of people that join on a daily basis.

If you are really new here. I suggest you leave as fast as you can before you become tainted and you are unable to remove the filth.

Hate is such a strong word. I don't usually use it, except for in the case of John Kerry.

I don't think we "hate" you, it's just a matter that you're making yourself an annoyance, and we're being, well, annoyed.
