hey guys im looking for a clan, been a long time renegade player. i use to play back in the day with +DOA+ and **NS**. id like a clan that has a teamplayer basis i cant stand people who dont listen. some kind of a voicechat because makes renegade much easier to play and finally someone who's not just a sniper clan.

Trielite

I know we are a small clan and we hardly are on Renegade, but when we are we tend to be good fighting teammates. We are looking into seeing all-around skilled people.
