Any1 know xxxshadixxx - now he had a good attitude. Only guy who eva gave me a full conversation while playing.

And thinkin about it if any1 knows some1 from the 'german panzer division' clan (it was somethin like that) can I speak to them cause I got invited to join but my internet buggered up. (Buggered isnt classed as swearing is it?)

All this coming from someone who calls themself cowmisfit?

All that I'm saying is I don't like the US - not my fault. In fact the only thing I've got against america is their politicians.

And I do go out - all the time - now I'd better stop and go play football (soccer) with my friends (which cowmisfit obviously doesn't have).

So basically I'm apogizing to all the people I offended (except Cowmisfit who doesnt deserve it).[/quote]

You're a fucking moron. 1. You don't go insulting others on these forums without at least giving GOOD reasons. 2. What you're displaying is nativism. Prejudice against another country is never a good thing. 3. We get your point...you don't like cowmisfit...now shut the fuck up and crawl back into your hole.

Before you crawl back into your hole, take this word of advice: DON'T TRIPLE POST!

Yup, you're an idiot. You are supporting liberals. That has to be the stupidest thing to ever suggest. Kerry is not fit for the white house and I can see myself using my second ammendment right to get him out of there

And when you're slamming a nation, that's nativism. It's as bad as racism.

By either allowing them to be seen by checking it in your profile, or (if you have signatures enabled) look at the bottom of each person's post.

ROFL as they said. Im 16, its a community we've started that involves graphics, coding, scripting and a few other things. I am Head of Divsion for [EoE] End of Evolution a clan started by many of members from the now defunct (But still great) [FoD] Forces of Diversion, but seeing how you already have shown yourself to be a massive n00b you have no idea who either is i assume.
