I think he was referring to the other cross, this one is just a symbol for ze army. The other cross (the one with the hookes) GRAMMAR!) is a symbol for nazinism. (I believe)

Huge, I already know. And nazi, well, the Iron Cross is a German Navy medal (Eiserne Kreuz, of the Kriegsmarine). The swastika is a nazi sign. And of course, neither me nor my friends at PlanetSHIII and the 24th Flotilla have any nazi beliefs, we just focus on the WWII theme and specially, on the Kriegsmarine and its U-Boots, playing Silent Hunter II to have fun and will play SH3 when it comes out. Quite simple.
