OK looking for clan that doesn't insult - eg a nice clan that aren't completley hooked on this game - a clan that aren't selfish vehicle hogs.
And it can be american as well.

Well I've gotta do something to pass the time till Halo 2 hits xbox live on November 11. And I don't have Halo 1 for PC. Well back to Star Wars Battlefront (know thats an online multiplayer).
Besides - who calls themselves 'Warranto' anyway?

You should also be getting a feeling that I'm going to be forceful in my moderation of you.

Of course, had you known the meaning of my name, you'd think it as appropriate as yours. But you don't, so your ignorance has now put yourself onto my "list" I keep.
