Because that shows that YOU have no life if you have to devote a fucking topic to a single member on these boards in a derogatory manner.

You cant call me a kid seeing as how you're only 13/14 (cant remember) meaning that a 15 year old is older. Besides I'm not dissing DJM. (Or at least I'm not meaning too).

You really are that stupid, aren't you? When did I ever say I was 13/14? As I remember, Scamp (xptek) told you that I was 18, so I can call you kid.

If I have a mentality of a 5 year old, and you're acting a lot more immature than I am, what's your mentality of? I'm guessing 2. Yes, those terrible twos.

Actually I think that's more like adding insult to injury you know, in that people who are a year or so younger than you (I'm 14) can win an argument over you and be able to use better Grammar.

It's something that I have stated multiple times. I do not accept topics that are for the sole purpose of flaming individuals of this forum. Intended as it or not, that topic was about an individual of this forum and had a high probability of turning into a battle.

nothing wrong with battles, just starting topics designed to target a specific person. Had you possessed the ability to read and comprehend, you would have understood that.
