I'm still playing SP, I'm not rushing but I'm not being very slow either. Those of you who have somehow managed to beat it in one night (obviously used the guide), then shame on you.

Okay, now you're just being a bit of a spammer. 3 topics in a row you have 3 posts that are nothing but a quote off someone else.

Stop the spam.

Was I ever a spammer in the first place? It's dumb to say "stop the spam" if I only did it once.

off-topic, but I beat donkey kong 64 for the N64 in a couple 'a days. the game was big, you had one world with about nine mini-worls which you had to enter to get golden bananas to aid you etc..anyway my point is even a really big game can be completed quickly if you do nothing else but play.
