Another Westwood map that never made it into the game. Numerous bunkers adorn the cliff tops. The bases are easily stormed without a good defense. GDI has a single controllable Guard Tower behind the Advanced Guard Tower and Nod has a single controllable Turret in front of the Obelisk of Light. You'll also find a few tunnels to explore. This map should offer up some exciting gaming action! [http://www.cncden.com/ren\\_ackmaps.shtml](http://www.cncden.com/ren_ackmaps.shtml)
