Is there a reason why we cant just download the patch for Renegade and not have to do it throuhg Renguard itself?

My buddie typed in the name he used to register with your site and now he cant get the patch using his name he uses on GSA. If I remember its Mac right that needs to be tald or paged?

Because it's beta and we are still testing the download though renguard, which is the primary download method.

hello my name is BASTONECOLD

i down louded your beta test for renegade and i used the wrong name to sign up for it. Is there anyway i can change the name i used?

I used BA.STONECOLD

I would like to change that name to [BA]www.baclan.org if you could do that it would be great.

thanks BASTONECOLD
