The strange thing is... She says she took a bite and saw mary. I know I don't eat a Grilled Cheese

like that. Sounds hoxtastic to me on the sole premise that shes eating the sandwich in such an odd fashion that it wasn't conceived as a normal sandwich is.

I don't eat it with the broad side towards me. It would be quite difficult to see the Mary staring back at you while you took a bite.

No, because nobody would buy a cross that came from your ass when someone can go to the local Bible store and get one themselves that isn't made of feces.
