"For the Free World" - The motto of The Trielite

The Trielite is a subdivision of the UPEO, made to deal with the sudden outbreak of rebellious forces throughout the world. They were quite successful. They had apprehended many of these rebels, and had brought them to justice. They have almost never failed at a assignment, until recently. They are in need of recruits. The Trielite's main forces has never exceeded 25 elite counter-terrorist agents, and many people believe that the Trielite was founded much before the public knew anything about it. So far, many of the force has disappeared, and they need more people to fill those spots.

Clan Tip: Dont cover so many games. pick a game and stick with it. Also, only let people in your clan by your invitation, that way you choose who you want rather than having to choose between a bunch of noobs.

Your second tip sucks. The best way to get your clan to grow is to expand into other games. I wouldn't suggest going to more than one game all at once, but having a clan for more than one

---

game is certainly not a bad idea.

Glyde sense:

n00bs can be taught.

not everyone is a n00b forever

if people persist to be n00bs i'll just kick their n00b asses.

I will accept n00bs, there needs to be a clan that will train n00bs one day, and with time they will become better.

Due to the unfourtunate cut of RenAlert from the Renegade engine, we will have to cut off the RenAlert clanning. Besides, the mod only had two servers, and Renegade itself is okay. Reborn and SWMOD are now the only two (offically) supported.

SWMod isn't even out, and Reborn isn't even finished...
