Well, I recently reinstalled Renegade, and now I find out my Data folder is gone .
The only folder inside the Renegade folder is "Patches".
I can't install new maps like this, so...what should I do?

OMG my data folder is GONE...AhAah111`1111!!!!!!!!!!!!!!!!!!!!

I laughed hard when I read this topic...

Reinstall thats about you could do, otherwise something is fishy with your disks.

if you re-install and data folders still aren't there, check if files or folders aren't set to hidden.
