I DON'T SEE CORE PATCH 1 OR ANYTHING WITH CORE IN MY ADD OR REMOVE LIST! THOUGH, I STILL SEE THE CORE PATCH CRAP THAT WAS INSTALLED ON MY PC! I WANT TO UNINSTAL CORE PATCH, AND GET BACK MY OLD LOADING IMAGES, ALONG WITH MY OLD SOUNDS!

---

IT SHOULDN'T BE THIS HARD TO UNINSTALL IT!

First: DON'T USE CAPS AT ALL UR TEXT!! ITS HARD TO READ!

Second: Reinstall Renegade to get rid of CP1

Third: What has your reply to do with the fact that another person cannot install it?

@Sterps, What method do u used to install CP1?

Renguard or Standalone?

And is your Rengade sintalled properly? Or Any error messages?

Try the topic that tells you how to reinstall CP1, that might helps.
