I don't, it looks worse than Renegade. Knowing Loobie it will be worse in gameplay, too.

to quote yourself, his nickname is not Loobie, but Laeubi, just like your nickname is Aircraftkiller and not ACK.

anyway.. i tried Operation Flashback.. and its not as bad as you assume Aircraftkiller.. i think it can become something if, and i say IF, it gets finished sometime soon... because i do agree that it has been in the production for a very long time..

i never call him any funny names.. i always call him by his rightfull nickname.. Aircraftkiller.. i dont see any use in giving people other names than their own

What renders are there for the buildings?
I could give it a shot if there were some renders or something..

Hey, I am. I believe in this mod, unlike everyone else. But keep in mind I'm not all that great at texturing, though I'll try;-).
