Are all those CP1 EVA sounds (Nod Harvester under attack, GDi power plant under attack,...) uploaded somewhere? I had most of them earlier, but can't find them anymore.
Thanks for the help.

English C4 and Ion/Nuke countdown.

And if anybody got it...the "harvester under attack" + "turret under attack" sound.

That's kinda what I just implied.

Although, in hindsight I doubt Hellbilly Deluxe is actually soul, since he can actually spell
