Quote:yes and why does everybody hate Germans they all wernt nazis at least i like jews they rock nazis suck

Same reason many people hate muslims or middle easterners. (They just profile the.)

I'm German. Not that it means much these days anyway.

Well, my surname is Scandinavian so I could be the eventual product of a Viking raiding party raping and pillaging on the east coast of Britain in the 11th century. Either that or some Norweigan guy married someone over here... lol.

My mom's from the Philippines
My dad's from Guyana.

I went to the Philippines, it was okay, but I'd rather stay in Canada, too many relatives down there. Can't remember their names.

my ancestores were Lebanese.

Lebanon is a VERY small country but was very important during the Roman time period. Considered as the gate to the middle east.

(I currently live in Canada. Planning on going on an echange after grade 12 to Lebanon but if theres still a war there I will go most likely to france. Or if I like japan, (I'm going there this summer on an exchange) I may just go there for a year)
