NEW POST FOR THE SCHOLARLY ELITE OF THE RENEGADE MESSAGEBOARD

In one particular instance, I can remember myself vividly participating in an orderly game of C:\Westwood\Renegade.exe when I came upon a man foreign to this world. He was a n00b. Apparently the young lad knew not how to use the voice commands, chat or private messaging features in the game and I of course found him very frustrating to deal with. At one time after purchasing an 800 credit flame tank I had left the vehicle to repair the NOD Airstrip. Upon returning to my valient red flame-dispensing tank I realized that this man, of foreign persuasion yes, was occupying the seat at the helm of the vehicle. Using the keyboard command controls he guided the vehicle towards its death. Quickly and steadily he drove into the enemy base without my consent.

YE' OLDE POST

well like made foreign people that dont even chat or PM in game steal my vehicles and upon gettin in them, drive them straight into the enemy base firing randomly at buildings.

Yes, I'm going to be a Grammar Nazi for a minute...

It is "it's" not "its", and it's "you're" not "your". If you can put "it is" in the place of "its" then the correct conjunction is "it's", and if you can place "you are" in the place of "your" then it's "you're".

Anyway loser99 - I'm a "stickler" for grammar/ spelling details as much as these dudes. However, probably like you, I realize the 'Renegade Forums' is not where I hope to get grammer lectures & intellectual stimulation. I understood the basic jest of your topic. I think this should be a place to kick off your shoes, prop your feet up on the desk & shoot the sh!t about Renegade. Occasional obscene burp, belly rub & grammar error is OK too. Formalities are unnecessary. NOW, if you're hoping to get a job here or something (unlikely :rolleyes:), then you damn well better get your grammer & spelling in order!

Back to topic - Yes, I hate that crap when you attempt to PM another player & no response! For me, that typically is when I'm trying to be helpful with offering tips on game play. I'll commonly see players trying to tank battle with the camera/turret unlocked & privately suggest they try locking it. 9 x out of 10 absolutely no reply! Oh well, I'll just tank beat 'em to a pulp from then on...
As for stop playin' - I don't know...It would take a lot I suppose.
-Pat

That statement is not very, well to put it simply, it's not an English sentence.
