mylo shoots at floor, mylo misses. (actually hapened a few mins ago :-(LOL))

mylo + his clones walk into a bar. you'd have thought one of the mylo's would have seen it.

el-fraggo - You've got to know Mylo to get this one & many of these peeps don't know him...He's quite the unusual character to say the least.

For those who don't know him, he's a ~26yr old Gamespy lobby whore who lives at home w/ his Dad while squeezing the ol' man for all he's worth. He also sends pictures of his armpits to the lil' pre-pubescent punks in the Gamespy lobby - pretty funny actually! - I like him.

He has been around since "the early" days of Renegade & Gamespydom - he's fun to pick on & can roll with punches too. He's got an inflated ego with good wit to back it - always talkin' about how much greater he is than everyone else. BTW, your "famous dude" comment will land itself directly in his bag of quotes on his website. He saves everything that may allude to his "greatness".

Mylo does what he does for attention. He is harmless. The guy starts polls about his armpits, that screams of wanting attention.

I see Chiggers was brought up, I have to find the screenie, but this is the guy who accused ME of cheating after a pwning. ROFL

Mylo can actually play, Chiggers, what I saw I wasn't impressed with or maybe he was having a bad day, as we all do. (Cept C0nFuZOr or course. hehehe)

For those who don't know... Mylo is a 26 year old Turk who lives with his parents and hangs around the Gamespy Arcade lobby. He's quite famous around there. He talks quite a lot of shit. He takes pictures and screenshots of EVERYTHING on his computer and in his room. The main section in his forum is titled, "Mylo the living CCR Legend."

He's so full of himself that its hilarious.

Once he took a picture of his shoes and posted the picture in the lobby, but he added the prices to them.

He's quite a character.
