This video is kinda old news but some may not have seen it yet - It's so funny ...until the end, of course, when the dude totally freaks...
That's about how I was after attempting to play CS last pm...

It's not that old. I never found that very funny either. The ending totally ruins the whole clip.

The maker wanted to show how it goes in America. Weapons can be get so easily, some people freak and shoot everybody down. The maker wants to wake you up, it's just a game.

I like the ending, it confuses people and let them show the reality
