I don't want it to conflict with school, plus I'm only 15 and I can't drive yet.

Ditto, but the only hard class i have this semester is Geometry, or so i think. I would be able to drive but i have to take some 4 hour course before i can get the DMV test, it helps that the publix is only 1 1/2 miles from my house though.

I split my time between logos and real woodworking. For instance, I'm in the middle of finishing this home theater ticket booth for a guy at work. Here it is so far:

It's about 6 feet tall and about 3 feet wide. I just have to put the "TICKETS" lettering on the glass.

Also, I should have the 2 Generals supersize logos done this week. The GLA one is finished and I'm painting the USA and China ones.
