Well unless they've found another IRC, you may be banned for a while.

Their website is down, their IRC is down, their forums are down, everything.. is down.

They should never have pissed me off.

It's a long story, Wilo's friend stole my funding for my box (Optical Gaming), so I gave him 2 choices, he obviously picked the wrong one. His box was then lagged for some strannnnnge reason, causing IPs to be nulled and his box was down for a while. Then he admits to me he was running 3 instances of illegal vBulletin software (this is a forum, incase you didn't know). Now his box has been pulled.

Funny really, if you think about it.
