How about you go attack a legitimate target for once, like <http://www.hamasonline.org>? Denying service to that website will show your contribution to the anti-terrorism efforts going on in the world today.

Which website was attacked? As far as I know, Crimson was just moving these forums to a bigger server.

Crimson bought a new box for all or some of her sites. Which included this one, and possible n00bstories.com.

[15:30] [Crimson] geez over 300 IPs trying to take down my server
[15:30] [Crimson] keep trying boys
[15:31] [Incognito] you caught me
[15:31] [Incognito] who the hell would try and take the server down?
[15:31] [Crimson] some bored idiot
