I have a question who ist the Leader or the chief of the RenGuard program?

I would present him or a Teammember who test the Maps for the patches of RenGuard. I have @ the moment a BETA version of the map and some Screenshots, that I can send it.

Does anybody know him? Thx's...

GDI Viper, you have posted your BETA Map in cncforen.de already where mac is reading all posts. Now turning into german:

Du bist in CNCforen registriert und mac liest dort auch mit, er kann deutsch. Was ein Glück. Sprich ihn dort an, wenn er noch nix von deinem Doppelpost gelesen hat. Aber hey, welche maps ins nächste Corepatch einfließen, liegt zum Großteil an denen und die Auswahl ist ja echt bescheiden bisher. Die CP1 maps sind zum Teil echt Schrott!

OK, for all who can't understand german: GDI Viper is registered in the german Renegade section on cncforen.de and mac is registered there too. He can page him there to send his wishes directly. Unfortunately it's the choice of the RenGuard Team which maps would be in the next Corepatch, IMHO some maps in the current CP1 are really poor.
