Just watched it too.

These idiots don't relize that all there doing is feeding fire to the Terrorist who are killing innocent woman and children and killing our boy's in Afganistan and Iraq daily.

They take bullshit like those fucking morons at the ignaguation (spelt wrong) and use it on recruiting tapes "WE ARE MAKING A REVOLUTION IN THE USA, USA IS RISING UP AGAINST THERE LEADERS, WE ARE WINNING, THEY ARE IN FEAR!!!!!! JHAD jHAD 1111"

Just as (news channle who released the pictures of abu grabe, im forgetting which one it was at the moment). They have a responsibility to share the news with us, however in a time of war YOU THINK before you release pictures like that. They got no telling how many innocent people killed and no telling how many new recruits knocking on Al Quadia's door. Now those fuckers use that as an excuse to kill innocent people, and the left supports it. (If you watched the entire broadcast, they had that hippie scum on there who said "Saddam's tourcher chambers are there they just have American Flags on them now") They are basicly saying when they say shit like this "We support you, we support your endless murder of children and woman, and we support your murder of our sons and daughters."

All I know is this: POWER TO JOIN RESOLUTION 4. Makes it illegal to burn the flag.

I don't like flag burning at all. I don't consider it freedom of speech. You don't show your disgust for your country's actions by burning it's symbol. That's a lack of patriotism. If you're so pissed,

refuse to wear red, white, and blue. Remove everything patriotic from sight in and outside of your home.

Burning the flag is spitting in George Washington's face. He's the one who designed it. I'm pretty sure he'd be thrilled to see the people, that he faught the British for, burning the American symbol that he designed.

I'd have to agree that that was excessive. I guess I could be called liberal, but flag burning is not something I would do. That was a very stupid thing to do.

Wether you are liberal or a right-winger, you want the best for this country. Flag burning doesn't show that.

Wrong, it was Betsy Ross who designed the original flag, thirteen stripes with thirteen stars in a field of blue, arranged in a circle.

Anyway, the only time that it's legal to burn a flag, as fas as I've read, is when it is already in a very bad state, i.e. torn up badly or bullet-ridden with holes. And even then, there has to be a proper procedure to do it.

Edit...I didn't see the "or" in Umbral's sentence

If they go beyond liberal to extremist, they still like to go under the premise of liberal.

Technically, if an American flag is torn or damaged, it is illegal to display it in public. It must then be folded up and burned.

Wrong. It was George Washington.
