leet speak or "1337 sp3@k" ,as some might call it, is one of the dumbest things nerds have ever done. And I thought they were supposed to be smart!

Know why? Its because that peice of shit that some people call art "Halo 2" That is what has made leet speak and made being a nerd cool in general. I mean come the fuck on, im sick of everything i ever do as an iduvudial being made mainstream. Skateboarding, My uncle taught me from the time i could walk, i got made fun of for it and then BANG tony hawk pro skater comes out and OMF GLIK SKATEBOARDING IS SOOO COOL!!! Same with "Classic Rock / Punk" i've been listeing to my entire life now these faggots think they are better and cooler than me just because they have a black shirt a pink wrist band and a spike belt OMG OMG LIK AN BLINK 182 IS SOO COOL OMGOGM AND ZACH YOU KNOW NOTHIN LIK SEX PISTOSL SUX!

I hate l337 speak. Of course, I'm the only game player in my grade at this elementary, except for one other WoW guy, other than that, until high school, I'm stuck with a bunch of sporty people that bother me a lot, most of them...

lol, i had been saying it at school for a while just to get laughs out of my nerdier freinds, but seriously its bs becasue i hear them say it, i call them a faggot and then they come back at me with this "You are a n00b im leet , you know nothing about video gaming you n00b" I reply with this that usually shuts them up "I play video games 8 - 10 hours a day, and not gay console games , i play games with millions of other people with skill, and play in leauges, you wouldn't know anything about CAL-I would you?" "Uhh whats cal?"

I dont understand why it exists!

I think is widely agreed that elite speak is lame as fuck, but it still exists!

I have seen a nerd at my school who walks around with "LOL OMG WTF 1337" written on his

backpack for christsake! Then there are the uber nerds who have man boobs and wear geek t-shirts all day.

Yeesh.

I find myself doing it, and it annoys the piss out of me. "1337 sp34k" was a stupid computer way to type out normal words used in real life, but now they're actually moving on into real life taking over the usage of the normal word. It's a weird and freaky phenomenon.

I was nice to everyone in highschool, thats why everyone was nice to me. I had friends from just about every click and all of the Goths, Skaters, and Nerds thought I was great because I was like the one football player that was nice to them. Its better to make friends then enemies if its at all possible, and no matter what they wear, I find most people to be very nice

glad I don't live there

No they are not.

They are false whatever you've heard.

Yeah, in most places everybody just hangs out with everybody. Goths, punks, skaters, nerds, gays, lesbians, aliens, etc. all live together under one ecosystem. We're one big happy family. Of course, sometimes one person doesn't like another person and chaos forms blah blah, it's normal.

However, believe it or not, the first week of school or so, everyone is pretty much segregated. Don't believe me? try and notice it for yourself. The "gangsters" stick with the "gangsters," punks with punks, skaters smack each other in the ass with their skateboards, goths slice each other's wrists, and so on.

The segregation part is correct though. They say the school isn't segregated. Look at your lunch tables or gym classes.

At my school. There's a few tables of "hot chicks" "preps" and then "nerds" and "stoners / skaters" mixed in then the "goths" Then the black kids aka "gangsta aka the most annoying loud fuckers you've ever met, and then the white kids who want to be black, wait correction THESE are the most annoying. '

Gym Class, at least when we play basketball it can be 10 white kids and 2 black kids on a team, and it will be a 2 man game between the black kids because they won't pass the ball to anyone else.

Only thing funnier than a white kid acting black is a black kid acting white (ever seen one? I have and it's hilarious.)

And more importantly, why aren't you learning your alphabet instead of pissing around on the internet, spewing out unintelligible retardation that we have to deal with? Honestly, you should be very, very concerned right now. You can't even form a coherent sentence.

That would be because of the very little social interaction he has had in real life, which is due to his being a nerd and asshole.
