---

So i'm giving this FDS another shot.. on WOL this time.

So where can i get the LATEST verison on brenbot? Or do i have to edit the one available at brenbot.com > if so where do i get the appropriate scripts/code for it. I've read the other posts but its WAY to unorganized for me to understand.

Hopefully you guys are open to any problems I encounter with brenbot or FDS...

<http://www.brenbot.com>

according to what ive heard, NR is supposed to be easier to setup , but i say go with BrenBot (at least untill v0.1.5 is out)

Of course you've "heard" that... you are the author. This forum is for support of BRenBot, not a place to advertise switching to your software. We don't go on your forums and advise people to switch to BRenBot, please afford us the same courtesy.
