Hello, some people will think that you are your "brother" attempting to get server owner access. Don't mind them, if you are his brother.

Glyde, it's just so convenient for taslayer to "quit" and "hand down" his sites to his "brother" who is somehow just as interested in Renegade as his "brother".

Your "brother" is a known cheater, and was/is a supporter of a cheating community.

I know, but what if he is his brother, the brother of the brother that went to Hawaii? Is there any way to know for sure?

This guy's Taslayer, trust me. His grammar/spelling skills are exactly the same, and everything else matches him.

Jesus christ dude, you are pathetic.

Does anyone else think this is the sadest attempt to "pretend to be someone else" you've ever seen? lol these things are exactly what someone trying to get someone else to think they are someone else would say.

That's the second time you said that. Also, you can't just expect us to believe you're the brother of a forum idiot. You have to either prove it or gain peoples' trust. It's not your fault, you can blame your brother for being hated...that is...if you aren't your "brother".
