It's a SP trainer, I just feel like going back and playing through SP for fun and see if I can get around on some high places, etc.

Renegadezone is not working, so please provide a link to it elsewhere.

I have already tried to google it, but I have had no success.

Thanks.

I've noticed a small error in it, You have to edit it slightly to get the Tiberium Fletcherter Gun. It's typo'd.
