This is the only forum room i visit so i will vent here. I was playing E&B and i was talking (quite foolishly in the noob channel, which is the only one thats monitored) and conversation leads to me saying the word "Testicle". So now I am banned! that is total BS!!! The game is strongly addicting, i needs my fix!Why the hell does WW allow stupid things like this? Like how on RA2 you cant say the word "Hitler" in the lobby.I am steamed.

When I feel the need to swear inside of a game, I go play AA. The Army allows you to use any words you feel like using at the time.
