OMFG, WTF, HOLY SHIT, and everything else. I have always hated starwars and will always hate star wars. Who the hell would be ctually retarded enough (Besides those people) to go through all that trouble for dressing up as a "FAKE" character out of a comic book, tv show, or whatever? Waste of life and time just to look liki a blthering idiot in public. Talk about mentally disabled.

People do what they like. They don't care what retards like yourselfs think of them.

I give them credit for doing it.

If you don't like what they do, then I don't like you for whatever you "do".. In which case, nothing.

It's like saying:

---

Mike: i shop at tescos  
Nick: omg nerd

People do what they want.

But...

TaximesPeople dress up and go to conventions?

How crazy and unheard of. What an incredibly new find. I can't believe you covered such a breaking story.

With that logic there would be no news period.

Humor is lost on so many. Either way, it hasn't been lost on me, and that was absolutely brilliant. Yes, people do what they want, but to dress up as a character from a movie is obsession. Next time a computer show comes around, I'm gonna dress like a stick of RAM! :rolleyes:

How about you lot actually read whats on the page?

Quote:

Okay, I like Star Wars as much as the next person who was a child during the late 70's/early 80's, but there are some people who are just a little \*too\* into it.

I personally think Star Wars sucks ass...Period. Thats just my opinion...

This page is just making fun of those nerds who are so into it, that they are asking to be made fun of.

Actually, I was thinking of a sick Japanese game for the PS2 where the objective of the game is to make some virtual girl work out so that she sweats.

Saw it on TV. Very pervy stuff. :S
