Hi,
I used to be registerd here as CsJpNod,like 2 years ago.
Then i left the net for a time, i came back and i found my way back to Renegade forums i tried to register as JPNOD.
But for some reason it was already taken. I didnt realy care back then.
So i thought ile just register as JP. But now i do care. Since i visit this forum pretty often. Could any of you guys change my nick to JPNOD.
And if its taken by someone else, i'd like to know by who.

Thanks in advance.

Andy, if he wants his name changed as such I really can't see a problem with it. It'd actually prolly cut down on the number of posts he had to make and would certainly save him typing time. Just posting:

Reborn Sucks

.

Seriously though there wasn't any screen or filter on other nick changes so... If he wants to go through with it and Crimson doesn't want to tar and feather him for it, well... then his nick will be Reborn Sucks.

j_ball430I'd think that everybody would know who the hell he is just by seeing "Reborn Sucks" as his name.

Yeah, I sure knew it was him right away.

That and the general tone he conveyys through his posts. Usually the negative sarcasm.

Quit being so lazy and change the names. It's not like you have anything better to do, except lose at poker.
