ok look this really has nothing to do with renguard.... but i dont know where else to go for help. Look, my renegade doesnt start up, i open it but it wont like, take me to the main screen of renegade, i just reinstalled it but it still doesnt work... can anyone that knows how to fix this help me?..plz?

Can u even play the game. If no that saks but if u can see all the channels in renguard check where it says help or channels and tell them theres also a channel for renguard im in school so i

cant tell u the name but look inside

Hey man, for future referance, look at the dates of the posts.

When its old, like the one before yours was, its called a bump. And people here dont like bumping old topics. Since your new, this is a fair warning ok my friend?

If its old and wrinkly, dont reply in it
