What does this mean? Your nerdiness is:

Not nerdy, but then again maybe not all that cool either.

Well, it means your not nerdy, but then again maybe not all that cool, as in popular/lots of friends etc.

90% scored higher (more nerdy), and
10% scored lower (less nerdy).

What does this mean? Your nerdiness is:

Not nerdy

5% are cooler, and
95% are more of a loser than you.

What does this mean?

Definitely not a loser - You're cool by us

Don't try that purity thing, the answer you get at the end doesn't match the answers you fill in.

Wasted 10 minutes answering 200 questions for nothing...

What does this mean? Hmm, a slightly less than normal score. That is o.k. (if you plan not to make it big, that is). We here at the Money Love Institute of Loving Money feel that it is normal to love money. In fact, we cannot love it enough. We suggest you give us some of your money, so that we can love it for you!
