Well, like the topic says. I left BAJA and a while later i joined DT (dreamteam) cool clan aswell enjoyed it a lot! But i am playing Renegade for 4 years now, and myself and a friend decided to create a new clan. We have a website and a server up and now we want to recruit about 5 players. We are BIG into CWs and not as much just hanging around. We play Renegade a lot and really want to play CWs as a team, also we have a competition organised with BAJA, DT WoD and KOSs taking part so if anyone wants their clan involved visit our forums for information at <http://www.unitedeliteklan.tk> also if you want a chance to be recruited and have been playing Renegade for a long while please visit the site. We aren't a big clan now, but were getting there! thanks for your time and have fun playing, UEKeoino.

Do you realise that the thread is six months old, and also that the clan actually dis-banded a long time ago? The last thread on there forums is a long time dead too, why not reply there aswell
