I want to add a new aircraft to the GDI encyclopedia, so i can buy it from a purchase terminal. I tried just adding the vehicle to the presets and giving it an encyclopedia no. 19, but there must be more...cause it doesn't work.Does anyone know how to do this?

Really just easy!Open Commandeditor...-> Presets -> Global Setings -> Purcuse Settings -> Vehicles (GDI or NOD) -> ModThere you must replace an existing one or ad one in a free place.Thasts it!(if y find this help good, please rate me!)

I am not perfectly aware of why you care so much. So...to be perfectly honest, VERY FEW PEOPLE CARE, STOP THAT. STOP THAT NOW. ...And go hump a monkey...Oh and share a smile ACK share a smile. I am so tired I keep forgetting my traditional orders and compliments I say to ACK, sheesh.
